## Church opening and lock up instructions

Due to COVID restrictions, the only door to unlock for Sunday Mornings and Wednesday evening services is the Foyer 1 door (see included diagram). Any changes will be updated to all when COVID restrictions are lifted. **The most important duty is to make sure after services all doors are locked.** Remember we have push to open doors for all entries into the building. Even if people are still in the building, you can lock the doors and they will still be able to exit. No need to wait for all to leave the building before locking up and checking all doors.

If you must miss an assigned day, call Ryan Arthur and a replacement will be found.
